

Local Event 4 Poland

On the 27 th of October Youth Center “Arka” in cooperation with Radom Technical School - students and teachers involved in CARE 3 Project, organized debate for students.

The "City Youth Mobility Debate" concerned youth mobility in Europe. The purpose of the meeting was to increase knowledge and awareness about foreign trips and to encourage young people to take advantage of opportunities offered by Poland's membership in the European Union, like taking part in Erasmus + projects .

Radom Technical School students took part in organizing this event by giving ideas and finally talked about their experiences, advantages and values related to participation in the CARE 3 project. They also helped to lead workshops, improving their skills of public speaking, cooperation in the group and establishing relationships with new people.

The other main goal was to exchange the experiences between young people, who participate in projects, go abroad to work, to study. They said what they are afraid of, what was a threat to them, how they could avoid exclusion in a new environment, what skills are the most important to be more successful in finding a job, making friends. Participants of CARE3 project also gave an interview to local media, they told that taking part of the Project helped them to develop, they became more open, believing in yourself, they met many new friends and improved communication in English. Now they also feel more comfortable about traveling to other European countries because of CARE3 experiences . They shared this informations to other students .

As the students reported, the debate program with workshop elements allowed participants to find answers to their questions related to the subject of mobility. After the debate all participants was invited to the solemn ending with a snack and handing confirmations of participation.
